

Urgent Action Needed!

Currently in the state of Nevada, girls under the age of 18 can get an abortion - a surgical procedure - without a parent even knowing. Over 30 states have parental involvement laws.

AB405 is a commonsense bill that would require notification of one parent or guardian prior to an underage girl obtaining an abortion.

This bill will finally protect girls under 18, rather than predators and all who benefit from secret abortions. ***Sadly, some in the Senate, including Finance Committee Chair Ben Kieckhefer, have indicated this bill will get NO hearing.***

Without hearing from constituents, this bill will die and young girls will remain unprotected. You can find out more about the bill at NevadaMomsCare.org

ACTION: PLEASE CALL THE FOLLOWING SENATORS ASAP AND ASK THEM TO RE-REFER AB405 TO HHS, GIVE IT A HEARING AND PASS IT. PROTECT TEENS AND PROTECT PARENTAL RIGHTS AND RESPONSIBILITIES!
